Soft Touch Packaging Products
Big Bend, WI.....(262) 662-4119
Clean foam packaging, no food containers. Items must be brought to the facility in closed plastic bags.

Smoke Detectors

The most common type of smoke detector contains a small amount of Americium 241, a radioactive material. On your wall, this material poses little threat; however, when a detector is broken open in an incinerator or a landfill, it can present a health hazard. For this reason, all detectors, by law, must be labeled for radioactive content. Detector companies must accept returned radioactive detectors for disposal as hazardous waste.

American Sensors.....(800) 387-4219

Code One/Firex/Maple Chase
2820 Thatcher Road
Downers Grove, IL 60515
